

PARK FINNO LAMINATE TABLE

Lappset PARK benches and tables are very popular because of their plain design, good sitting comfort and high quality materials. In Park Finno Laminate table the table top material is the same High Pressure Laminate (HPL) as we use in our Playground equipment. HPL is very durable material in all weather conditions and it can also take hard hits without visible damages. You can choose the table top colour to match Lappset Finno playground equipment schemes; Lime Green, Apple Red, TuttiFrutti, Liquorice Grey and Candy Fuchsia. The table is free standing and can be fixed to hard surface through feet holes or deep installed with ground anchor set 708106 with or without concrete.
