The Best Experiences

- | | | | |
|--------------------|---|------------------|--|
| + Fun | New games are always being developed | + Easy | Works intuitively: walk under the bow, it will immediately ask you to play a game! |
| + Inclusive | Transcends age, physical and emotional barriers | + Durable | Resistant to vandalism |
| + Online | Monitor play statistics | + Quality | Made of thick galvanized steel and covered with stainless steel |
| + Design | Eye-catcher, small footprint | | |

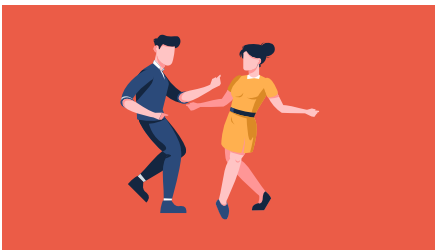

Do You Want To Dance?

▼ Yalp Sona

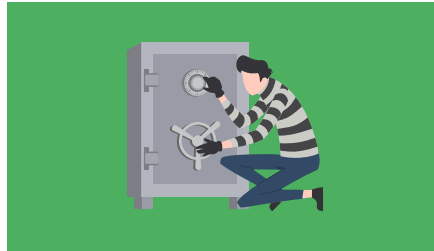

The Sona is a playset developed for indoor and outdoor use. The Sona is inclusive - everyone can play together. The playset has a level floor that makes it possible for wheelchair users or individuals who have difficulty walking to access the floor easily. The Sona works intuitively: if you walk under the bow, it will immediately ask you if you want to play a game. The games designed for the Sona spark curiosity, encourage social play and are designed to stimulate the mind. The games can also be modified to suit the users' needs.

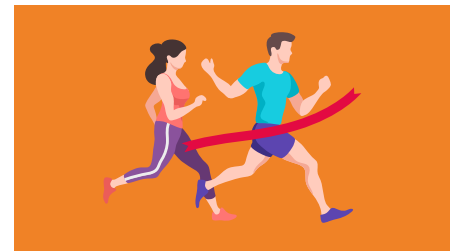

Numerous games available on my.yalp.com
